

This is the
Stove Polish
YOU
Should Use

It's different from
others because more care
is taken in the making
and the materials used are of
higher grade.

**Black Silk
Stove Polish**

Makes a brilliant, silky polish that does
not rub off or dust off, and the shine lasts
four times as long as ordinary stove
polish. Used on sample stoves and sold
by hardware and grocery dealers.

All we ask is that you try it on your own stove,
your parlor stove or your gas range. If you
don't find it the best stove polish you ever
used, your dealer is authorized to refund your
money. Insist on Black Silk Stove Polish.
Made in liquid or paste—new quality.

Black Silk Stove Polish Works
Stirling, Illinois

Use Black Silk Air-Drying Iron Oxide on
grates, registers, stove-pipes—prevents rusting.
Use Black Silk Metal Polish for silver, chrome
or brass. It has no equal for use on automobiles.

How to Give Good Advice
The best way to give good advice
is to set a good example. When others
see how quickly you get over your
cold by taking Chamberlain's Cough
Remedy they are likely to follow
example. This remedy has been in
use for many years and enjoys an ex-
cellent reputation. Obtainable every-
where.

Advt.

Laxative is needed take Chamberlain's
Tablets. They not only move the bow-
els but improve the appetite and
strengthen the digestion. Obtainable
everywhere.

so far as appearance goes, when
you get an overcoat or suit cleaned
and pressed here. We take in-
finite pains with all our work,
cleaning each garment separately
and carefully guarding every-
thing from the slightest in-
jury. Every patron is pleased
with the thoroughness of our work
and also with the moderate
charges that rule in our establish-
ment.

No Home Is Complete Without a Piano

Nowadays, the piano is consid-
ered a necessity in every well appointed home. To
be without one is to deny the whole family the
prestige of its possession and the manifold pleas-
ures of its use. Piano music is as essential in de-
veloping character and proper home influence as
any other form of education or diversion.

Why Deny Yourself Longer?

It is possible to secure here a Bush & Lane piano
—anyone of a number of handsome styles—as fine
a piano as can be found anywhere—and at a price
that makes the piano buying problem almost solve
itself.

MORTGAGE SALE.

WHEREAS, default has been made
in the payment of money secured by
mortgage dated September 23rd, 1909,
executed by Emerson Smith, and El-
len Smith, his wife, of the Township
of Sagola, Dickinson County, Michi-
gan, to William S. Robbins, of the
City of Green Bay, Brown County,
Wisconsin, which mortgage was re-
corded in the office of the Register
of Deeds of the County of Iron, State
of Michigan, on the 23rd day of Sep-
tember, A. D. 1909, in Liber twelve of
Mortgages on page 306, and which
mortgage is now owned by the said
William S. Robbins, and upon which
mortgage and note secured thereby
there is now claimed to be due at the
date of this notice the sum of two
hundred and eight and 50-100
dollars (\$208.50), of principal and in-
terest, and no suit or proceeding hav-
ing been instituted at law to recover
the debt now remaining secured by
said mortgage or any part thereof,
and which mortgage contains a pow-
er of sale; now therefore,

NOTICE IS HEREBY GIVEN, that
by virtue of said power of sale and of
the default aforesaid, and pursuant
to the statute in such case made and
provided, the said mortgage will be
foreclosed by sale of the premises
therein described, at public auction,
to the highest bidder, at the front
door of the Court House in the City of
Crystal Falls, in said County of Iron,
that being the place where the Cir-
cuit Court for said county is held, in
which county the premises to be sold
are situated, upon the 4th day of
December, A. D. 1916, at ten o'clock
in the forenoon, which said premises
are described in said mortgage as fol-
lows: The North half of the South-
west quarter (N½ of SW¼) of Section
Eleven (11) township forty-two (42)
North, Range thirty-one (31) West;
and North east quarter of the South-
west quarter (NE¼ of SW¼) of Section
thirty-six (36), township forty-
three (43) North, Range thirty-one
(31) West, containing in all one hun-
dred and twenty (120) acres.

Dated September 14th, 1916.
William S. Robbins, Mortgagee.
H. C. Fraser,
Attorney for Mortgagee.
Business Address:
Crystal Falls, Michigan.

Are You Looking Old?

Old age comes quick enough with-
out inviting it. Some look old at forty.
That is because they neglect the liver
and bowels. Keep your bowels regu-
lar and your liver healthy and you
will not only feel younger but look
younger. When troubled with con-
stipation or biliousness take Cham-
berlain's Tablets. They are intended
especially for these ailments and are
excellent. Easy to take and most
agreeable in effect. Obtainable every-
where.

Chamberlain's Colic, Cholera and
Diarrhoea Remedy

This is a medicine that every fam-
ily should be provided with. Colic and
diarrhoea often come on suddenly
and it is of the greatest importance
that they be treated promptly. Con-
sider the suffering that must be en-
dured until a physician arrives or
medicine can be obtained. Chamber-
lain's Colic, Cholera and Diarrhoea
Remedy has a reputation second to
none for the quick relief which it af-
fords. Obtainable everywhere.

fore the eyes of the world again its
wrong conception that this is not a
farming region.

Month after month this same result
is obtained until today the people of
the Upper Peninsula take it as a mat-
ter of course. In practically every
crop grown on a large scale Clover-
Land's excellent production per acre
is needed to keep the figures for the
state up to so high a scale.

Leads in Wheat.

In wheat the average estimated
yield for Clover-Land is 2.88 greater
than that of the state which is 16.12.
The Upper Peninsula yield is 19 and
thus the greatest of any section in the
commonwealth. This is also a gain
over last month of 1.11 proving again
that conditions improve here with the
closing of the season.

Oat Average Big.

Oats show even a better record than
wheat. Clover-Land's production is
35.31 while the state is 30.19 or a dif-
ference of 5.12 in the Upper Penin-
sula's favor.

Clover-Land has a lead of 2.34 bu-
shels per acre over the state's aver-
age in rye production. Its figures are
17 and the state 14.66.

In corn the state as a whole is far
behind Clover-Land. The total aver-
age is 69 per cent per acre while the
condition here is 93 or 24 better.
Clover-Land's condition one year ago
was but 62, thus proving that as the
years roll by the products become bet-
ter in this section. The increase in
the corn production is also important
because it will assist in drawing dairy
men and cattle here. Alfalfa, hay
and clover is here in great magnitude
but some farmers insist on corn.

The Bean Crop.

The bean crop in Clover-Land is
24 per cent better per acre than that
of the state. The figures are 50 and
74 with Clover-Land possessing the
latter. The pea crop here is 21 bu-
shels per acre, in the state at large
18.58, thus showing an advantage of
2.42 bushels per acre here.

Potatoes Feature.

But it is in potatoes that Clover-
Land really shines. Its production is
75 while the state's is 47, thus mean-
ing a lead of 28 for Clover-Land po-
tatoes. Growers here use scientific
methods and many roll their tubers
in individual parcels for high grade
markets. The result is that this has
come to be known as "the home of
high grade potatoes."

Clover-Land, of course, must live up
to its name and does. Its clover seed
figures are 100 while those of the
state are 88.

In many other lesser products Clo-
ver-Land assumes the leadership,
thus bringing directly home the truth
that it is the coming agricultural sec-
tion of Michigan. Settlers are com-
ing into this region in large numbers
and it is only a matter of years when
this will be a thickly settled region.

The fact that Clover-Land has 1,000
miles of shore line on the Lakes of
Superior, Michigan and Huron along
which are the best of harbors; that it
is traversed on every side by rail-
roads and that it is close to the mar-
kets of the world; that it has the best
highways of any state in the union;

that its soils are good and that the
growing season and rainfall are as
good as can be found anywhere makes
it absolutely certain that agriculture
will soon hold the high place that
lumbering once held here and that
mining now claims.

INTEREST IN POTATO SHOW.

Twenty-three Counties Will Exhibit
Tubers in Escanaba.

Nov. 1, 2 and 3 have been set for the
annual potato show of the Michigan
Potato Growers' association and these
three days will mark the first joint
convention of the Michigan and Clo-
ver-Land organizations which in the
past have held separate meetings and
shows.

Owing to the fact that the Upper
Peninsula has taken the lead in the
production of high grade potatoes and
that it has secured a high position for
tubers the first show of the joint or-
ganization is to be held in Clover-
Land as a mark of honor to the grow-
ers here.

Potato men of the greatest promi-
nence will be there for the show but
the program for the three days has
not as yet been completed. There
will be experts along the various lines
of potato growing present and they
will speak of their own work.

23 Counties In.

Twenty-three counties will enter
exhibits and it is expected that the
keenest rivalry will arise between the
exhibitors from the lower and upper
peninsulas. The Clover-Land growers
organized three years ago, holding
their first show at Menominee. Last

year Marquette had the exhibit. The
last two shows in the lower penin-
sula were held at Kalamazoo and Grand
Rapids.

Booths will be arranged for the
counties and strife is sure to come for
the best looking and most practical
exhibit. A special effort will be made
to show actual marketing conditions.
Difficulties in preparing high grade
tubers for the trade will be discussed
and demonstrated. A clean cut analy-
sis of grading and sorting will be
made.

Seed Exhibits.

The exhibit representing the seed
potato conditions for Michigan seed
potatoes will be taken care of in the
variety type or individual variety
class. Special exhibits of certified
seedstock as they would be for ship-
ment will be on exhibition but not as
a special class. Potato machinery ex-
perts will be permitted to display
their implements.

Special attention will be given to
the Boys' and Girls' Potato clubs
which have been organized by men
especially interested in the advance-
ment of potato growing. Prizes will be
given to the best exhibitors.

The show is in charge of the Michi-
gan Agricultural college's extension
department and the Escanaba and
Delta County Commercial clubs. For
further information address Secretary
of the Michigan State Potato associa-
tion, East Lansing; C. W. Wald, Es-
canaba; H. L. Clemons, Secretary of
Escanaba Commercial club or J. W.
Weston, district agent of Extension
work, Marquette, Mich.
